

PEDESTALS

THE MARATHON Pedestals feature both louvered and non-louvered, square designs with rounded corners. The pedestals are molded from a modified linear low-density polyethylene specifically designed to resist impact, ultraviolet degradation, and environmental degradation.

FEATURES & BENEFITS

- 360 degree access
- Rugged and economical
- Rectangular shape provides increased working room over comparable round pedestals
- Multiple color, lock, and bolt options
- Factory assembled with lock and stake; arrives ready to install
