

Sticklers® Fiber Optic Cleaning Kit

- 800+ “Wet/Dry” cleanings per kit, for the best possible results
- Everything needed for fast, convenient, reliable fiber optic cleaning
- Cleans in seconds, for just pennies per cleaning
- Bright orange poly bag is easy to find, hard to lose, even in the back of trucks, connector closets or busy labs
- Extra pockets for secure storage of tools, inspection scopes, strippers
- Ships anywhere, any way, including by air, without “Hazmat” fees
- Free! Sticklers high-brilliance LED inspection flashlight

The **Sticklers** fiber optic cleaning kit is engineered to clean fiber optic connectors, receptacles and bare fiber quickly, reliably and inexpensively. This kit puts the time-saving **Sticklers** fiber optic cleaning products in a “go anywhere, clean anything” package, giving users all the cleaning tools they need to get the job done right.

Each kit includes the **Sticklers** Fiber Optic Splice & Connector Cleaner fluid along with a selection of **Sticklers CleanWipes™** fiber optic cleaning wipes and **Sticklers CleanStixx™** connector cleaning sticks. This factory-assembled **Sticklers** fiber optic cleaning kit is perfect for field service, laboratory, and installation and repair teams. Includes all the items needed for cleaning fiber prior to splicing, for removing polishing films, or for the cleaning of virtually any kind of single-mode, multi-mode, high-power or plastic optical fiber connector endface.

Key features include:

- Zipper bag speedily opens and closes, making it easy to handle, even with just one hand. The bright color makes it easy to find, even in dimly lit areas, down in manholes, or buried in the back of a truck.
- The rugged bag is the perfect size to hold plenty of supplies without cumbersome bulk. Generous size side-pockets allow additional wipes, sticks and tools to be stored in the kit.
- A plastic window displays owner identification if the kit is lost.

Product Notes

INSTRUCTIONS: See individual **Sticklers** product labels for detailed use instructions.

SHIPPING: The **Sticklers** fiber optic cleaning kit can be shipped anywhere, even by air, without hazmat fees or paperwork.

RELATED PRODUCTS: “Wet-dry” cleaning produces perfectly clean results. For best results always use **Sticklers** Fiber Optic Splice & Connector Cleaner fluid (#MCC-POC03M) with any of the **Sticklers CleanWipes** fiber optic cleaning wipes or **Sticklers Cleanstixx** connector cleaning sticks.

Packaging

Sticklers Fiber Optic Cleaning Kit	MCC-FK03 1 Kit Each, 6 Kits Per Case
Sticklers Military-Ready Fiber Optic Cleaning Kit	MCC-FK05 1 Kit Each, 6 Kits Per Case

Each **Sticklers** fiber optic cleaning kit consists of a heavy-duty, weather-resistant, soft-sided poly bag with zipper closure. The bag is 9” wide x 5” deep x 5” tall (20cm x 12cm x 12cm). Each **Sticklers** fiber optic cleaning kit includes two cans of **Sticklers** Fiber Optic Splice & Connector Cleaner fluid sufficient for more than 800 cleanings; one box of **Sticklers CleanWipes 400** fiber optic cleaning wipes; one **Sticklers CleanWipes 90** fiber optic cleaning wipes; 25 each of the **Sticklers CleanWipes Singles** fiber optic cleaning wipes for use in harsh environments, five sleeves of **Sticklers CleanStixx** connector cleaning sticks for cleaning inside alignment sleeves, and a high-intensity, heavy-duty LED inspection flashlight. To replace items used in the **Sticklers** fiber optic cleaning kit, call your local **Sticklers** distributor.

The military-ready version of the **Sticklers** fiber optic cleaning kit is a low visibility black poly bag and contains slightly different contents to accommodate military-style connectors, such as the MIL-C-38999 configuration. Call your **Sticklers** distributor for details.

When you need perfectly clean splices & connectors®, the **Sticklers** fiber optic cleaning kit makes fast, reliable and low-cost cleaning easy.
