Fiber Inspection Probe FIP-435B Wireless

Turn your smart device into a fully automated fiber inspection solution. Get fast and consistent test results, thanks to the probe's auto-center, auto-focus, auto-capture and auto-analysis capabilities.

Optical Micro Power Checker MPC-100X

Bring optical testing capabilities to your Android™ or iOS smart device.

Visual Fault Locator FLS-140

Pinpoint faults visually. The pocket-size visual fault locator shines a bright red light at the exact location of the fault on singlemode or multimode optical fibers.
