

MOR Series

2-Post Equipment Racks

Features

- Open frame design allows easy access to equipment and cabling
- Three Standard heights: 36", 71" and 84" to suit any space requirement
- Standard 19" EIA width provides compatibility with standard size rack mountable equipment
- Tapped rail hole pattern conforms to EIA RS310C spacing standard
- Heavy duty steel uprights, channels, bases, and top angles
- Free-standing base can be bolted down for extra stability in seismic activity zones
- Scratch resistant baked-on black paint finish provides for years of durability
- 100 mounting screws included
