

Locking HDMI Cable

**LOCKING
HDMI™**
HIGH-DEFINITION MULTIMEDIA INTERFACE

The first and only industry supported, uncompressed, all-digital audio/video interface. HDMI™ provides an interface between any audio/video source, such as set-top box, DVD player, or A/V receiver and an audio and/or video monitor, such as a digital television (DTV), over a single cable.

PPC Full HD Cables vs. The Leading Competitor

Port Retention (Pull-Out)

HDMI™ Advantages

- Offers the best audio and video quality available
- Supports 1080P and higher resolutions
- HD Digital Audio
- 3D TV compatible

PPC Exclusive Features

- High retention patented tab eliminates unintended disconnections
- Full metal shield covering the solder joint to prevent signal interference

PART NUMBERS

HD-600-3B	High Retention, High Speed HDMI® Cable, 3 FT
HD-600-6B	High Retention, High Speed HDMI® Cable, 6 FT
HD-600-8B	High Retention, High Speed HDMI® Cable, 8 FT
HD-600-10B	High Retention, High Speed HDMI® Cable, 10 FT
HD-600-12B	High Retention, High Speed HDMI® Cable, 12 FT

OPERATING SPECIFICATIONS

Bandwidth	0-340 MHz
Category	High Speed
Shielding	FTP (foil & braid), TMDS pairs individually shielded
Jacket	PVC
Min. Port Retention	10 lbs
Packaging	Clear Poly Bag
