

The TVC logo is rendered in a bold, white, sans-serif font. The letters 'T', 'V', and 'C' are connected at the top, with the 'V' having a distinctive shape where the right side is a vertical bar. The background of the logo area is a dark blue gradient.

A Subsidiary of Wesco International

The background is a collage of three images: a modern office interior with large windows and a curved desk on the left; a server room with blue-lit racks in the center; and a close-up of a network switch or router with glowing ports on the right.

Inside Plant (ISP)

Products, Solutions and Support

Network reliability and flexibility in the ISP environment is crucial to the success of any organization. With our comprehensive array of products, TVC Communications is committed to fulfilling the connectivity needs for high density and highly scalable networks.

Everything ISP

TVC is your go-to-partner for all of your inside plant needs, from products, planning, configuration, test and turn-up, through maintenance and ongoing support. We have the experience and problem-solving know how to deliver reliable, scalable and high-performance solutions for today, as well as the flexibility for tomorrow.

- Central Office
- Data Centers
- Hubs
- Switching Centers
- Intra-Building Networks
- Cell Sites

Products & Services

We deliver world class products and services including support, training and rack and stack services for ISP applications.

With years of experience in the broadband industry and long-term partnerships with all the major industry suppliers, our team provides cutting-edge equipment, and one of the broadest inside plant product portfolios available.

Technical Services

Our technical solutions team combines practical experience along with their knowledge of the rapidly changing trends and technology, to provide customer-specific infrastructure services including:

- Site audits and surveys
- Engineering solutions and BOM development
- Project management
- Equipment installation
- Multi-site rollouts
- Engineered video services including IPTV, Catch-Up TV, Network DVR and OTT

ISP Line Card

Commercial A/V

- A/V Racks & Cabinets
- Amplifiers & Speakers
- Audio Transmitters
- Fiber Receivers/Transceivers
- HDTV Displays
- IP Speakers
- Microphones
- Molded BNC, VGA, HDMI, DVI & RCA Cables
- Players
- Pre-Terminated Cable Systems
- Screens/Projectors
- Stainless Steel Faceplates
- Switches
- Touch Panels

Communication Systems

- Conditional Access Systems
- Emergency, VoIP & Conference Phones
- Headsets
- Master/Sub Stations
- Speakers, Horns, Strobes & Alarms
- Voice Paging & Intercom Systems

Copper Cable & Connectivity

- 110 and 66 Termination Systems
- CAT5e, 6 & 6A UTP & STP Cable
- CAT Cable Connectors
- Coax Connectors
- HEC and Mini HEC Cable
- Modular Jacks, Inserts, Wall Plates
- Modular Patch Panels
- Patch Cords/Copper Cable Assemblies
- Pre-Terminated Copper Solutions

Data Center Solutions

- Active Optical Cables
- Aisle Containment
- Cooling
- Data Center Infrastructure Management (DCIM)
- Environmental Monitoring
- Pre-Terminated Copper & Fiber Solutions
- Raised Floor Tiles

Fiber Cable & Connectivity

- Attenuators
- Connector Bulkhead and Adapter Packs
- Cross Connect Shelves & Enclosures
- Fiber Entrance Cabinets
- Fiber Optic Cables
- Fiber Splicing and Termination
- High Density Wall and Rack Mounted Panels
- Multimedia Outlets
- Optical Passives - Splitters and xWDMs
- Patch Cords/Multi-fiber Assemblies
- Slack Storage Drawers and Panels
- Splice Panels

Headend

- Cable Management
- Encoder/Transcoders
- Grounding
- Lighting
- MaxCell
- Optical Transmitters and Receivers
- Pre-fabricated Buildings
- Racks
- Receivers
- RF Splitting and Combining
- Satellite Dishes/Antennas
- SFP
- Switches, Routers, Repeaters, Amplifiers
- Transceivers or Optical Line Terminals (OLT)

Local Area Network Equipment

- Active Patch Panels
- Console Server Products
- Media Converters
- Optical Transceivers
- Passive Optical Networks (PON)
- Switches
- VoIP Switches

Low Voltage Wire & Cable

- Access Control Composite Cables
- Circuit Integrity
- Coax Cable
- Fire Alarm
- Multi Conductor & Multi Pair
- Quad Rated Tray Cable

Power & Protection

- Critical Powering
- High-Speed Data Protectors
- Power Cabling
- Power Conditioning
- Power Distribution Units (PDU)
- Power Monitoring
- Power Strips
- Power Supplies
- Remote Power Panels
- Surge Suppressors
- UPS

Racks, Cabinets & Cable Management

- 2-Post & 4-Post Racks
- Cable Management
- Cable Ties
- Data Center Cooling Systems
- Ladder Rack & Cable Tray
- Rigid & Fabric Innerduct
- Server Cabinets
- Vertical/Horizontal Cable Organizers
- Wall Mount Racks & Cabinets

Tools & Test Equipment

- Cable Preparation & Cleaning Tools
- Copper Termination Tools
- Copper Testing
- Fiber Optic Testing
- Fiber Optic Tools & Consumables
- Identification/Labeling Products
- Safety / MRO / PPE
- Voltage and Temperature Testing

Wide Area Network Equipment

- Firewalls
- Modems & Multiplexers
- Routers

Wireless Systems

- Access Points
- Antennas & Lightning Arrestors
- Bridges & Gateways
- Distributed Antenna Systems (DAS)
- PCMCIA Cards
- Transceivers
- Transmitters/Receivers

TVC's Key Suppliers

Supply Chain Solutions

TVC is known as a leader in supply chain management and will become a member of your supply team. We offer end-to-end supply chain solutions for every ISP application that save you time, money and keeps projects on budget and on schedule.

- Custom eCommerce Solutions
- Make-ready
- Material Staging
- Product Kitting
- Project Planning/Management
- Safety/MRO/PPE
- VMI Services
- Warehouse Staging
